The teachers who participated in our programs improved their professional skills and got the opportunity to share their experiences with the colleagues from different countries. The young laureates of the competitions are given the chance to perform in various concerts all over the world.

For the first time the “21st Century Art” competition was held in Kiev with the first “International School of Pedagogical and Performing Arts” in 1998. This competition with the “School of Mastery” quickly became a popular comprehensive training program for children and students to stage performances, a new form of art pedagogy, rendering professional support to teachers and young musicians-performers.

We invite you to take part in competition on wood, brass and percussion instruments, ensembles.
